DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/16/06 has been entered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 16 and 21 are rejected under 35 U.S.C. 102(a) as being anticipated by McNulty et al. (6686676). Re claim 21, McNulty et al. shows in Fig.1; a LED (20), a light reflecting surface (24) which may be a cup shaped cavity (see col.4, lines 61-63), a first encapsulant (30) that resides

within the cavity (24) and at least partially encapsulates the LED (20) and has a first light reflecting substance (28) and a second encapsulant (32) which resides above the first encapsulant (30) and contains no light reflecting substance. Re claim 16, the recitation in claim 16 that the second encapsulant comprises a second percentage of a second light reflecting substance and that second percentage is zero reads on McNulty et als. second encapsulant, which has a zero percentage of a second light reflecting substance.

Allowable Subject Matter

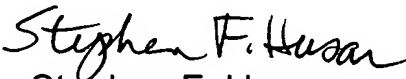

4. Claims 1-5,8-10,12,14,17-20, and 23 are allowed.
5. Claim 22 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
